Thank you for your purchase

Welcome to the Global Automobiles family! We are delighted to have you as a valued customer and look forward to building a long and rewarding relationship with you. We are confident that you will be completely satisfied with your purchase and your overall experience with us.

If any aspect of your experience falls short of excellence, please do not hesitate to contact us—we are here to help.

We have addressed some of the most common questions you may have following your purchase:

Is my car road-taxed?

Similar to insurance, road tax is no longer transferable when purchasing a vehicle. You must tax your car upon acquisition. If required, we will be happy to assist you with this on the day of collection.

Where is the locking wheel nut key?

Not all vehicles are equipped with locking wheel nuts. If your car has them, our technicians typically place the key in the glove compartment for easy access.

In some cases, it may be found in the side door pockets or luggage compartment. Please take a moment to familiarise yourself with its location. If you are unable to locate it, feel free to contact us.

How does my warranty work?

At Global Automobiles, we take great pride in ensuring that every vehicle meets our rigorous quality standards before leaving our premises.

We carefully address both mechanical and cosmetic concerns during the preparation process to provide you with the highest level of confidence in your purchase.

In the unlikely event that an issue arises post-purchase, we understand the inconvenience this may cause and are here to support you.

Vehicle warranty & maintenance information

At Global Automobiles, we take every possible precaution to minimise the likelihood of faults occurring in our vehicles.

However, with modern cars comprising thousands of moving parts and hundreds of electronic control units, unforeseen issues may occasionally arise. In such instances, we are committed to minimising any inconvenience to you and appreciate your patience as we work to resolve the matter.

Please know that we take these situations seriously and are just as concerned as you when unexpected issues occur.

Warranty coverage

The level of warranty coverage provided—whether by us or an external warranty provider—varies depending on your vehicle's age and mileage. However, all warranties issued by Global Automobiles include coverage for core mechanical components, such as the engine, gearbox, starter motor, and alternator.

If you opt for an extended warranty, you will receive a booklet detailing the specific level of coverage provided at the time of handover.

Modifications & warranty validity

Please be advised that modifications such as engine remaps, exhaust upgrades, wheel changes, or coilovers will void your warranty and forfeit your right to repairs under its terms.

What is not covered?

It is important to note that certain components are excluded from warranty coverage, including: Wear and tear items – Tyres, brakes, wheel bearings, shock absorbers, etc. Non-essential components – Radio, satellite navigation, media systems, air conditioning, etc.

Additionally, your extended warranty booklet will outline specific exclusions, so we strongly encourage you to familiarise yourself with its terms. At the time of purchase, your vehicle will be provided in the best possible condition for its age and mileage.

While we ensure that all consumable components are in good condition, normal wear and tear over time is unavoidable. As a result, you may need to replace certain parts during your ownership, which falls under routine maintenance responsibilities.

Making a warranty claim

To initiate a warranty claim, you must first contact the warranty provider (either Global Automobiles or an external warranty company) to confirm whether the affected component is covered. The warranty company must remain informed throughout the entire process, and claims cannot be processed without prior authorisation.

Typically, your chosen repair garage will liaise with the warranty company, as they may require specific technical information before approving a claim.

Where can I get a warranty repair?

If your warranty is with Global Automobiles – The vehicle must be returned to our facility for repairs. If you have an external warranty – Most VAT registered independent garages are accepted. Main dealer repairs are generally not authorised unless they are the only ones capable of performing the required repair.

Please note that some garages do not accept direct payments from warranty providers. In such cases, you may need to pay the garage upfront and then seek reimbursement from the warranty provider. If you have any questions about the process, we are happy to guide you.

Diesel Particulate Filter (DPF) maintenance

Most modern diesel vehicles are equipped with a Diesel Particulate Filter (DPF) to reduce harmful emissions. Regular motorway driving is essential to ensure the DPF functions properly. DPF-related faults are not covered under any warranty provided by Global Automobiles.

If you have any concerns, please reach out to us for further guidance.

Courtesy cars

In the event of necessary repairs, we will do our best to provide a courtesy car, subject to availability. While we understand that being without your vehicle is inconvenient, please note that the provision of a courtesy car is not a legal obligation and may not always be possible.

Courtesy cars are intended to keep you mobile and may not be equivalent to your own vehicle. You are responsible for returning the courtesy car in the same condition it was provided, including refuelling.

Any damages incurred will be your responsibility. We provide insurance for courtesy vehicles, but our policy carries a £1,000 excess in the event of an accident or claim. We recommend checking whether your own insurance policy covers the use of a courtesy car for added peace of mind.

All courtesy cars must be collected from and returned to Global Automobiles in Blackburn.

Vehicle recovery

Global Automobiles does not provide a vehicle recovery service. We strongly recommend arranging personal breakdown cover immediately after purchase.

For optimal protection, we advise selecting a policy that includes home start and recovery to any national garage to ensure you can return the vehicle to us for repairs if necessary. Please note that we do not cover recovery costs for transporting the vehicle to us or any other repair facility.

In the event of an unexpected breakdown, we will address the issue as soon as possible. However, please be mindful that our workshop schedule is typically booked several days in advance. When possible, we will provide a courtesy car to keep you mobile.

Routine servicing

We would be delighted to continue servicing your vehicle to maintain its performance and reliability. For a competitive service quote, please contact us directly.
